

SIGNIA ACCESSORIES

CONNECTIVITY AND CONTROL AT YOUR FINGERTIPS

Whether changing settings remotely or streaming audio, Signia's broad range of stylish, practical, and easy-to-use accessories makes everyday life easier for you as a hearing aid wearer.

STREAMERS

StreamLine TV – Programmed for superb sound

Via **StreamLine TV**, TV sound can be fed directly into Bluetooth – equipped Signia hearing aids. You can even control the TV volume directly from your smartphone via the Signia App!

StreamLine Mic – Hands-free connectivity in premium stereo quality

The **Streamline Mic** enhances the fantastic features of your Signia hearing aids, using Bluetooth connectivity. They also become hands – free mobile headsets and wireless stereo headphones that stream highest quality audio into both ears from any Bluetooth device. You can even adjust the streaming volume individually via the Signia App.

Smart Connect – Effortlessly connected, seamlessly integrated

The **Smart Connect** wirelessly connects hearing aids to different Bluetooth enabled devices so sound is streamed directly into the hearing aids. Plus, it also acts as remote control for program or volume adjustments and is controllable via the Signia App.

REMOTE CONTROL

miniPocket – Ultimate discreet control

Small enough to carry on a keyring, the **miniPocket** is the ideal solution for anyone who wants discreet, convenient hearing aid control without the need for a large remote control smartphone.

TRANSMITTER

Smart Transmitter – Connecting TVs without Bluetooth to your Smart Connect streamer

The **Smart Transmitter** connects TVs to the Smart Connect. This way, sound can be wirelessly streamed directly into the

All of the Signia Accessories are usable 'out of the box' – meaning that your Hearing Care Professional doesn't need to program them prior to use.

Simply, connect and control!
